

## The Bridge Wine List

This wine list is as much about what has been excluded as included. We will be shying away from super-brands and instead we will seek out the personal hands-on wine producer, all of whom excel in creating wine of individuality, passion and flair.

You will notice the list changing regularly over the next few months as the transformation of the Bridge takes place. We hope that you will come back time and time again to see what we have done.
